May 21, 2017

1 Background

Makerere University offers a wide range of study opportunities at different levels of career. These range from undergraduate, graduate as well as continuing career enhancement options. It conducts its Law Pre-entry registration process either manually or through Online System.

1.1 Problem Statement

Makerere University usually register new Law students manually but Manual systems of registration put pressure on people to be correct in all details of their work at all times, the problem being that people arent perfect, however much each of us wishes we were hence incorrect details. Also Reporting and checking that data is robust can be timely and expensive. Makerere university online systems is complex for new users and many new students tend to pay for online registration procedures. Hence ODK Collect App can work best as data collection tools for Student admissions.

1.2 Objectives.Objectives.

To analyse student admission process using ODK Collect App.
